

COOPER-STANDARD ANNOUNCES OFFERING OF \$25 MILLION ADDITIONAL SENIOR PIK TOGGLE NOTES DUE 2018

NOVI, Mich., May 13, 2013 /PRNewswire/ -- Cooper-Standard Holdings Inc. (OTCBB: COSH), the parent company of Cooper-Standard Automotive Inc., a leading global supplier of automotive sealing, fuel and brake and fluid transfer systems, announced today the commencement of a private offering of \$25 million aggregate principal amount of additional senior PIK toggle notes due 2018 (the "Notes"). The Company intends to use the net proceeds from the Notes offering for general corporate purposes, including, without limitation, to fund share repurchases and make capital contributions to Cooper-Standard Automotive Inc.

The Notes are expected to be treated as a single series with the Company's existing \$175 million aggregate principal amount of senior PIK toggle notes due 2018 (the "Existing Notes") and will have substantially the same terms as those of the Existing Notes. The Notes will have the same CUSIP and ISIN numbers as, and will trade fungibly with, the Existing Notes (except that the Notes issued pursuant to Regulation S under the Securities Act of 1933 (the "Securities Act") will have different CUSIP and ISIN numbers until at least 40 days after the issue date of the Notes).

The offering of the Notes will be made in a private transaction in reliance upon an exemption from the registration requirements of the Securities Act, in the United States only to investors who are "qualified institutional buyers," as that term is defined in Rule 144A under the Securities Act, or outside the United States pursuant to Regulation S under the Securities Act.

This press release does not constitute an offer to sell or the solicitation of an offer to buy the Notes. The Notes to be offered have not been, and will not be, registered under the Securities Act, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act.
