

COOPER STANDARD CONSOLIDATES NORTH CAROLINA OPERATIONS TO OPTIMIZE NORTH AMERICAN FOOTPRINT

Cooper Standard Consolidates North Carolina Operations to Optimize North American Footprint

NOVI, Mich., Feb. 4, 2015 – Cooper-Standard Holdings Inc. (NYSE: CPS), the parent company of CooperStandard Automotive Inc. (“Cooper Standard”), today announced it will consolidate its Goldsboro, N.C. facilities into one to improve its competitive position in North America and invest in the remaining location to bring it in line with world-class facilities that meet key metrics set forth by both the company and its customers.

The company plans to consolidate manufacturing operations from its 207,000-square foot facility located at 280 Woodland Church Road into its 167,000-square foot facility located at 308 Fedelon Trail Road. Some of the business will also be moved to other Cooper Standard locations in North America. The transition will begin immediately and is slated for completion in late 2015 to early 2016. As a result of the consolidation, approximately 300 employees, including contract and some permanent workers, will be affected, with 400 employees remaining at the Fedelon Trail facility.

Through the consolidation, the Fedelon Trail location will be refurbished to accommodate consolidated business from the Woodland Church location, which will now be used for warehouse space. Opened in 1963, Cooper Standard’s Fedelon Trail facility will continue to produce Cooper Standard’s sealing systems.

About Cooper Standard Cooper Standard, headquartered in Novi, Mich., is a leading global supplier of systems and components for the automotive industry. Products include sealing, fuel and brake delivery, fluid transfer and anti-vibration systems. Cooper Standard employs more than 27,000 people globally and operates in 20 countries around the world.
